

Saturday, Aug. 9, 2014 – Friday, August 15, 2014

Note: Information in this update is intended to highlight the week's major grizzly bear management actions and is not intended to be a comprehensive detailing of all management activities. Information in this update is draft and subject to change as details from the field become available. Finalized annual reporting of this information is published in the annual report of the Interagency Grizzly Bear Study Team available at: <http://www.nrmssc.usgs.gov/products/IGBST>

Verified Grizzly Bear Killed Livestock

- Verified three (3) calves and one (1) yearling killed or injured by grizzly bears on Forest Service Grazing allotments in the Pinedale Region.

Research and Monitoring

- Continued grizzly bear observation flights.
- Captured and marked a subadult male grizzly bear on the Wind River Reservation for monitoring purposes.

Bear Management (Captures, Relocations, and Removals)

- Captured and relocated an adult male grizzly bear from a Forest Service grazing allotment in the Pinedale Region. The bear depredated several cattle on the allotment.

Law Enforcement and Related Activities

- Nothing to report.

Outreach and Education

- Acquired video footage of grizzly bear activities that will be used for information and educational purposes throughout Wyoming and the Greater Yellowstone Ecosystem.
